

Swipe Savvy

Mobile Wallet UI/UX — Visual Concept

Multi-card • DDA+Savings • Rewards • Points donation • Transfers • Agentic AI concierge

Design tokens (Swipe Savvy)

Color, typography, and accessibility-first component primitives

Core palette

Navy Blue
#235393

Deep Blue
#132136

Vibrant Green
#60BA46

Vibrant Yellow
#FAB915

Black
#000000

Ash Grey
#747676

White
#F6F6F6

Typography

Headlines/Titles: Hermes (Regular)

Body: Barlow (Light/Regular/Bold)

Draft fallback: Calibri / Arial

Example hierarchy

Screen heading (H4)

Card title (H5)

Body text (18px reference)

Component tone

- Clear money vs points separation
- Bottom sheets for “review & confirm”
- Consistent primary action color (Navy)
- Green for success, Yellow for rewards emphasis
- Avoid clutter near logos and key balances

Core components

Buttons, chips, cards, progress, and safe-confirm patterns

Buttons

Primary action

Available Balance (DDA)

\$2,450.32

Add money

Safe-confirm pattern (agentic AI)

Savvy can prepare actions

1) User intent → pre-filled review sheet

2) Show fees + arrival time

3) Explicit Confirm (optional biometric)

4) Receipt + undo window (when possible)

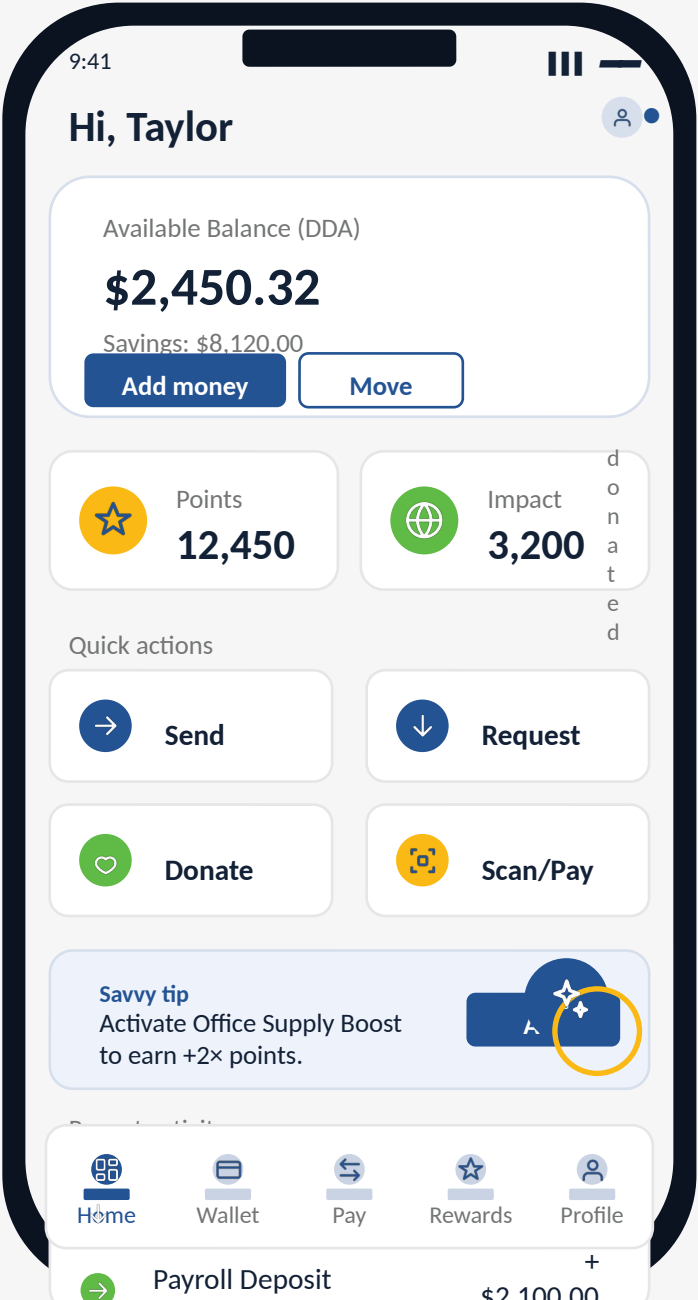

Review & confirm
